## CAP criteria for utility aid revealed

Assistance in the payment of utility bills will be available at least through Sept. 9, the Harrison County Action Agency has learned.

The Agency was authorized to administer the direct assistance program in Hancock County, and has been assisted by the Department of Welfare and the Area Agency on Aging, an activity of the Southern Mississippi Planning and Development District.

Guidelines for direct assistance require that the bills for electricity and gas be delinquent, that is, that the past-due date must have been reached. Income also is a factor in determining eligibility, with the following maximums for non-farm families:

Family Size	Maximum Income
1	\$3,713
2	4,913
3	6,113
4	7,313
5	8,513
6	9,713

Families with more than 6 members are calculated by adding \$960 for each additional family member.

Maximum payment is \$250 and (Continued on Page 5)

## By Pass, Long Beach systems

# Handicapped children not in school being sought

The Long Beach and Pass Christian Municipal Separate School District are co-operating in a joint effort to locate unserved handicapped children between the ages of 6 to 21 who are not presently enrolled in school.

Handicapped children are those children with physical, mental, or emotional problems. It is important that special educational experiences be provided for the child at an early age. You are urged to contact Mrs. Patty Elliott, 864-1146 at the Long Beach Schools.

The Long Beach School District and Pass Christian School District have established the following procedures to insure due confidentiality for all data:

(1) Student information to be recorded will be that which can assist with the student's personal, social, academic, and vocational development.

## Education of handicapped is program topic

J.D. McCullough, superintendent, Bay-Waveland Municipal Separate School District, is urging residents of Hancock County to view "Including Me," the Educational Television special on the lives of six handicapped

children and young adults, scheduled for screening at 8 p.m., Thursday, Sept. 15.

The hour-long program will be followed by a half-hour show highlighting Mississippi's progress in

educating its handicapped children. During the 30-minute segment, with Benny Lucroy, Director of Education at Mississippi ETV, serving as host, Dr. Walter Moore, Assistant

(Continued on Page 5)

## NASA NSTL tests slated

# Roll out of Space Shuttle tank is Friday at Michoud

The first Space Shuttle external propellant tank, the new craft's largest component will roll off its assembly line Sept. 9 at 10 a.m. in New Orleans.

A significant milestone in the development of a space transportation system for the 1980's and beyond, the occasion will be marked by a ceremony conducted jointly by NASA and Martin Marietta Corporation officials.

The tanks are designed and

assembled at NASA's Michoud Assembly Facility in New Orleans by Martin Marietta under direction of the Shuttle Projects Office at the Marshall Space Flight Center, in Huntsville, Ala.

Jim Odom, manager of the external tank project at the Marshall Center said that this rollout marks "a significant milestone leading toward the first Space Shuttle orbital flight in 1979."

Guests at the ceremony will include leaders from several states involved in Space Shuttle development.

Following the brief ceremony, the huge tank will be loaded on a barge for shipment to NASA's test site for rocket engines at the National Space Technology Laboratories about 55 miles to the northeast in Southern Mississippi. There, it will be installed in a test stand for participation in the first

static firing of the Shuttle's cluster of three main engines.

During a Shuttle launch, the external tank provides the super cold, or cryogenic, propellants for the three main engines located in the aft end of the Orbiter vehicle. It also serves as the structural backbone to which the Shuttle Orbiter and solid rocket boosters are attached for launch.

The external tank actually consists of two propellant tanks and a structural connector known as the intertank. The forward tank holds the Orbiter's liquid oxygen. The larger, rear tank will contain liquid hydrogen.

By comparison, the plane-like Orbiter is 37.2 meters (122 feet) long and 8.4 meters (27 and one-half feet) in diameter.

During liftoff of a typical Shuttle mission, the external tank will feed propellants to the three Shuttle main engines. The two solid rocket boosters "strapped" to each side of the tank carry their own fuel. These boosters operate for about two minutes before separating, leaving the mated Orbiter and external tank to thrust on upward for an additional six minutes.

The tank finally separates from the Orbiter—just before orbiter velocity

## Storm 'Babe' veers, Anita goes ashore

by EDGAR PEREZ

Hancock County civil defense and governmental agency officials continued emergency hurricane preparedness efforts at week's end with hardly a breather between Anita's threat and the possibility of further severe weather developing in the eastern Gulf of Mexico.

The National Weather Service Saturday reported a "poorly defined" tropical depression in the north-eastern Gulf of Mexico.

This latest disturbance, with the potential of becoming tropical storm "Babe" should winds reach a velocity in excess of 39 m.p.h., was located Saturday some 250 miles south of Pensacola, Fla., the National Weather Service (NWS) reported.

Movement of this system was reported as being in a west-northwest direction at 10 m.p.h. "Boating and marine interests should stay aware of

this depression with small craft warnings on the Gulf Coast likely this weekend," NWS said.

NWS said "tropical depression" status for Atlantic weather systems is reached when they develop a distinguishable center and rotary wind movements.

This season's first Atlantic (Continued on Page 5)

## Weather Flash

By late Saturday afternoon, the National Weather Service reported Tropical Storm Babe delivering sustained winds of 45 miles per hour with gusts up to 50 m.p.h. in squalls.

The season's second Atlantic weather disturbance to enter the Gulf of Mexico was reported by NWS as centered some 150 miles southeast of New Orleans, moving northwest at 10 to 15 m.p.h. (Continued on Page 5)

Carla Necaize

Peggy Saucier

Cindy Necaize

## Gumbo Festival queen role sought by three

by JAKE JACOB

Three young ladies from the White Cypress-Necaize Crossing Community in Hancock County are vying for the title of 1977 Gumbo Festival Queen.

Winner of the event will be determined following a calculation of money raised by each girl through the sales of tickets, program advertising, gumbo festival promotions and the like.

Contestants for the title are: Cindy Necaize, 17, daughter of Mr. and Mrs. Louis Necaize; Carla Necaize, 17, daughter of Mr. and Mrs. Nathan Necaize; Peggy Sue Saucier, 17, daughter of Mr. and Mrs. Clifford Saucier.

Cindy Necaize is a freshman at Pearl River Junior College in Poplarville. Working towards a career as a legal secretary, she is engaged in the accelerated business course. A 1977 graduate of Hancock North Central High School, where she was a cheerleader in her senior year, Cindy

served as secretary of the (FBLA), performed the duties of an office aide, and was a member of the Hawkette Girls' basketball team.

Carla Necaize, is a junior at Hancock North Central and in addition to her academic studies is pursuing a drafting course in the school's vocational education department. A keen swimmer, she is a member of the White Cypress 4-H Club, and is a regular rider at county horse shows. She served as a maid in the court of the Second Annual Wendell Lader Memorial Bowl.

Peggy Sue Saucier, is a member of the White Cypress Catholic Youth Organization, has served as a cheerleader for the last six years, and is now a senior at Hancock North Central High School. Peggy intends to enter college to study medicine, with an ultimate goal of becoming a pediatrician.

### Janele Kingston is to marry James Nichols

Mr. and Mrs. Chester Kingston of Bay St. Louis, announce the engagement of their daughter Janele of Metairie, La., to James H. Nichols, son of Homer I. Nichols, Harahan, La.

The bride-elect, a graduate of Bay Senior High school, attended the University of

Southern Mississippi, and is presently employed as operations assistant at Jefferson Bank, Metairie, La.

The prospective groom, a graduate of East Jefferson High School and Louisiana

State University, New Orleans, is assistant vice president of Hibernia Bank, New Orleans.

The wedding will be solemnized Oct. 1 in Bay St. Louis.

### Pat Spence,

### Terry Shaw

### are to wed

Miss Patricia Spence and Terry Shaw will be married Sept. 10 at 7 p.m. at Union Baptist Church, Caesar.

The bride-elect is the daughter of Mrs. Lucille Spence and the late Jesse Spence of Caesar Community. Parents of the prospective groom are Mr. and Mrs. Carl Shaw, Nacaise Crossing Community.

A reception will follow in fellowship hall. Friends and relatives are invited through this medium.

### Major Slack

### of Pass is

### reassigned

U.S. Air Force Major (Doctor) Robert G. Slack, whose mother is Mrs. Lavergne Karlson of Pass Christian, Miss., has arrived for duty at Wright-Patterson AFB, Ohio.

Major Slack, a psychiatrist with a unit of the Air Force Logistics Command, previously served at Sheppard AFB, Tex.

The major, a 1956 graduate of Schurz High School, Chicago, received his B.A. degree in 1960 from Northwestern University, Evanston, Ill. He earned his M.D. degree in 1964 at the University of Illinois at Chicago.

His wife, Faith, is the daughter of Mr. and Mrs. F. Adolph Shostrom of Cherry Valley, Ill.

**ENTERS ACADEMY-** Valorie J. Young, daughter of Mr. and Mrs. Thomas C. Young of Pearlinton, has entered her freshman year at the U.S. Air Force Academy, Colorado Springs, Colorado. Cadet Young is one of more than 1400 freshmen accepted into the wing after completing six weeks of intensive field training, physical conditioning and survival instruction. Her four years study at the academy will lead to a B.S. degree and a commission as a second lieutenant. She is a 1977 graduate of Bay Senior High School.

### Marion Beal retires from L&N

Marion Beal of Railroad Ave., Bay St. Louis, a track gang foreman with the Louisville and Nashville Railroad, retired this week after 30 years of service.

Beal joined the railroad on May 1, 1947, a time when the steam train was king of the passenger lines, and the Hummingbird and Gulf Wind still made their daily stops here.

Responsible for maintenance from New Orleans to Ocean Springs, Beal served for three years in the US Air Force. He was previously employed by Marine Foods, Inc., the shrimp and oyster factory located on the site of the present Bay-Waveland Yacht Club.

A member of Our Lady of the Gulf Catholic Church, the American Legion, and Maintenance of Way Union - Local 996, he is married to the former Aline Millet of La Place, La. The couple are the parents of two daughters, Mrs. Janice Marie George, whose husband is presently serving with the USAF in England, and Marion Louis Beal.

PERE LE DUC KNIGHTS OF COLUMBUS installed officers recently at the Annual Installations Banquet staged in the KC Hall. Installing officer was State Deputy Dave Atteberry, assisted by District Deputy Ernest Spencer and State Secretary Rodney Sandoz. Guest speaker for the evening was His Excellency Bishop Joseph Howze of the Diocese of Biloxi, who was presented to KC's by Msgr. Gregory Johnson, Chaplain of the Council. Outgoing Grand Knight George di Benedetto expressed his gratitude for membership cooperation during his two years in office. Participating in installations are: from left, seated, Clois Dedeaux, Anthony Scavo, deputy grand knight; Norman Benigno, grand knight; Bishop Howze, Msgr. Gregory Johnson;

standing, Ernest Spencer, district deputy; Rodney Sandoz, state secretary; Donald Ladner, warden; George Hammer, outside guard; Joseph Richardson, chancellor; Joseph H. Benvenuti, financial secretary; John Benigno, trustee; Anthony Morrele, inside guard; Sylvester Benigno, treasurer; Noel Fuente, trustee; Clayton Thompson, recording secretary; Dave Atteberry, state deputy. - KC Photo.

### For main and coastal campuses

## USM tells registration

Students from all over the south are getting ready for registration at one of the three University of Southern Mississippi campuses.

Dormitories will open at the main campus in Hattiesburg on Sunday, Sept. 4, and orientations for students who did not attend Mini-Quarter will also begin on this date.

Hattiesburg campus faculty will begin their pre-quarter meetings on Sept. 2, highlighted by President Lucas' opening faculty meeting at 10:30 a.m.

Registration for the Hattiesburg campus will be on Monday and Tuesday, Sept. 5-6, with fall quarter classes beginning on Sept. 7. Registration will be held in Reed Green Coliseum, and students will report by appointment.

Registration at the Gulf

Park Regional Campus in Long Beach will begin on Sept. 1. Gulf Park has three registration sites, the Long Beach campus, Keesler Air Force Base and Jackson County Junior College.

Keesler registration will be conducted Sept. 1, from 9 a.m. to 1 p.m. in Vandenberg Hall on the base. Registration at Jackson County Junior College will be Sept. 1, 5-8 p.m. in the cafeteria. Gulf Park registration in Long Beach will be in St. Thomas Gymnasium, adjacent to the campus Tuesday, Sept. 7, 1-7 p.m.

Students may register for all courses at any of the three registration locations for the Gulf Park regional campus. On the Natchez regional campus, fall registration will be held from 2-7 p.m. on Sept. 2, resume on Monday, Sept. 5,

and continue through Sept. 9. Classes begin on Sept. 5. Registration will be held at the USM-Natchez building in Duncan Park.

### News in brief

#### SCORE PLANS WORKSHOP

Keys to a business success is topic of all day workshop scheduled for Sept. 30 at Sheraton-Biloxi Motor Inn. Sponsored by Service Corps of Retired Executives, and Small Business Administration, workshop registrations are asked in advance by calling 435-3676.

R.S.V.P. Volunteers give of their Lifetime talents and experience to local institutions. This is a United Way Agency.

## 6 GREAT WAYS TO GET SMILED AT MERCHANTS BANK

- 1 Apply for a loan.** Merchants Bank loan officers want to loan you the money you need. They want to make you smile with money for that new car, home improvements, tuition or a personal loan for whatever. The unsympathetic stodgy old banker is unheard of at The Merchants and chances are we'll be able to say yes or no on the spot. We won't waste your time. That, too will make you smile.
- 2 Start a Merchants Bank savings program.** We can make it easy for you to save by automatically transferring a specified amount monthly to your Regular Savings, Golden Savings or Silver Savings accounts. We offer passbook and certificate accounts earning from 4 1/4% to 7 1/4%. With that kind of return on savings, we know we're gonna make ya smile.
- 3 With no service charge checking.** We offer no service charge checking for students, and for those keeping \$200.00 minimum balances in their account during the month. If you do pay a charge, it's one of the lowest in the industry and based on the number of checks you write, not the balance. Betcha that'll make you smile.
- 4 Bonus Checking.** See if these features will make you smile: free checks; no service charge; free cashiers checks, money orders and travelers checks; discounts; preferred interest rates; \$10,000.00/\$20,000.00 accidental death insurance. Betcha they'll make you smile. Bonus checking available only at Merchants Bank on the Gulf Coast.
- 5 Some of the longest business hours on the Coast.** Sometimes you can plan your visit to the bank, sometimes you can't. If you must enter your safe deposit box in an emergency, you don't want to find the door locked and the drapes pulled. We close for only 30 minutes a day between 2:00 p.m. and 2:30 p.m. Being open when you need us is another way we try to make you smile.
- 6 By visiting a Merchants Bank office.** Every employee of Merchants Bank is dedicated to making your first like number one. We appreciate your business, we want your business, we need your business. From the biggest depositor to the smallest borrower, you're not a number at Merchants Bank - you're a valued customer. No matter how sophisticated banking becomes, we'll never sacrifice the personal banking approach to making you smile.

Whatever your banking needs -

## Betcha we can make you Smile.

## THE OLE PASTOR SAYS...

A DEVOTIONAL COMMENTARY  
IN TIMES of great national  
distress, wise and prudent  
men in every generation have  
turned to the Word of God for  
counsel in their hearts to do no  
less.

Psalm 33:11-12 says: "The  
counsel of the Lord standeth  
for ever, the thoughts of his  
heart to all generations.  
Blessed is the nation whose  
God is the Lord;..."

Two hundred and one years  
ago this great nation had a  
humble beginning. A profound  
dependence upon God; prayer,  
worship and respect for the  
holy Scriptures claimed priority  
in the hearts and lives of all the  
people from the humblest of the  
nation's citizens to the men who  
held the highest positions of trust  
and leadership in the land.

There has been much change  
in our attitudes and life-styles  
over these two hundred and one  
years - and sad to say, too much  
of this change has been for the  
worse. Lying, deceit, theft, bribery,  
extortion, adultery, blasphemy,  
and the like, are not only commonplace  
and accepted, but often expected  
in the lives of those who lead  
us, from city hall to Washington,  
D.C. even the membership rolls of  
the nation's churches are con-  
sciously tolerant of such. How  
tragic! How sad!

Loud and clear, God's Word  
declares: "Righteousness  
exalteth a nation: but sin is a  
reproach to any people." -  
Prov. 14:34.

I am saddened by what has  
happened to my beloved  
country in recent years. The  
Lyndon B. Johnson political  
ascendancy to the presidency  
of the United States with a  
fraudulent election in Texas;  
the so-called Watergate  
travesty; the sex scandals of  
members of the congress and  
other public officials; the  
hypocrisy of the federal  
judiciary exploiting the so-  
called civil rights issue,  
destroying racial harmony in  
our country and to a great  
degree-bringing-ruin-to-our  
public education system. Let  
us hope that all Americans  
will turn back to God, reason  
and right, from the lessons  
learned from these un-  
pleasant experiences.

Like other national leaders  
out of our past, former  
President Gerald R. Ford and  
President Jimmy Carter,  
acutely aware of America's  
sagging morals, ask for the  
prayers of God-fearing  
Americans. It is my hope that  
all Americans will find it in  
their hearts to take this  
request seriously.

We have a solemn Biblical  
obligation to pray for our  
nation leaders - whoever they  
are - whether we personally  
like them or not. As  
Americans we have the right  
to freely criticize our elected  
or appointed leaders. But as  
Christians, we have no  
Biblical right to criticize any  
man we have not first prayed for.

Have you ever prayed for  
your president? your  
governor? congressman or  
other political leaders? Are  
you aware of what the Bible  
says about this grave  
responsibility?

First, there is the Biblical  
injunction to be discreet,  
peaceable and responsible  
citizens, to have respect for  
authority. "Submit yourselves  
to every ordinance of man for  
the Lord's sake: whether it be  
to the king as supreme; or  
unto governors..." - I Peter  
2:13-14.

Secondly, and even of more  
importance, is the God-given  
responsibility to pray for those  
in authority. "I exhort  
therefore, that first of all,  
supplications, prayers, in-  
tercessions, and giving of  
thanks be made for all that are  
in authority; that we may lead  
a quiet and peaceable life in

## Opinion/Ellis Cuevas

## Beauty and the Beach

Not too many years ago, someone, or it may have been many, came up with the idea when redistricting the county, that every Supervisor should have a piece of the beach. Prior to that time the majority of the Beach in the county was under one supervisor.

This summer we have had the opportunity to drive down the beach many times. Sections of the beach have been a disgrace. We are driving and the beach looks nice, clean, free of litter, graded, and bam, we run into a section that we would think we saw somewhere out in the marsh where it is uninhabited.

There is no reason whatsoever for this to continue.

We taxpayers should all get an equal share of tax dollars spent in our districts whether we live on the beach or in the northern part of the county. The beach should be uniformly clean from one end to the other.

It may be time for the supervisors to pool their resources and make a crew of men, say one from each district, just to handle the beach. Or, of course, if they prefer, some other redistricting as far as the beach is concerned.

We have noticed in Harrison County the supervisors have marked the bounds of their beach territory. It sure is childish to do it this way, but their constituents at least know whether they are doing a proper job or not.

For the Supervisors in Hancock County who do a fine job on their sections of the Beach, our congratulations. For those who haven't been up to par with the rest, it is past time to get busy.

Beach cleanup is more important now than ever with the recent storm washing up old trees, marsh grass and different litter. The Beach is an eye-sore and could become a health problem.

We realize the cities of Bay St. Louis and Waveland's governing bodies get criticism on the beach condition, but we must remember that the Beach appearance is the responsibility of the Hancock County Board of Supervisors. Each Supervisor is responsible for his district where it reaches the beach.

We will watch and see.

## Guest Editorial

## Energy - the role of the state questioned

On April 20, President Carter announced his plan for coping with the national energy crisis, saying there was need for a "moral equivalent to a declaration of war."

Now, some five months later, energy leaders are saying the President's war plan may leave sections of the nation in economic ruin and the people still wanting for energy.

Mississippi would be among the hardest hit by certain segments of the proposed plan, figures show. The tax burden created by the proposal would hit everyone, it appears.

Mississippians now have the lowest per capita income in the nation. They are, like nearly everyone, paying high utility prices due to higher fuel costs.

The Magnolia State has everything to lose and little to gain under the President's plan. Utility spokesmen have estimated bills will triple, perhaps hitting the lowest paid people in the nation harder than many other states' residents.

The drastic increase would result from a forced conversion of power plants from natural gas or fuel oil to coal. Many Mississippi plants just recently converted from natural gas, which was being curtailed, to utilize fuel oil—a very expensive change—and may now be forced by law to convert once again, or face stiff tax penalties.

Federal Energy Administration figures indicate Mississippi's electric utilities currently produce 75 percent of their energy by using fuel oil or natural gas, while the remaining 25 percent is produced by using coal.

The costs of the multi-million dollar conversions would have to be passed on to the consumer.

The tax on use of fuel oil and natural gas would also hit many Mississippi industries hard, possibly forcing layoffs and plant closings. Eighty-two percent of Mississippi's industrial

energy is derived from those two sources, while only three percent comes from coal.

The Heritage Foundation in Washington has estimated the cost of the Carter Energy Plan to the public will be \$377 billion over the next eight years. That boils down to some \$4,500 per household. The WALL STREET JOURNAL said the Heritage estimates are conservative and added the plan may cost even more than suggested.

That was the national average. Mississippians may have to pay even more through hidden taxes, such as on utilities and industries. Some residents may have to pay with their jobs or businesses.

A southern congressman viewed the plan in a perspective more people are beginning to see:

"So much of the substance of this bill centers around more taxes, that it was suggested a more accurate label would be a 'New Taxes Bill' rather than an energy plan."

The question appears to be, "Can Mississippi pay the price and still grow?"

## LABOR DAY

## OUR SALUTE TO AMERICAN LABOR

WE WISH TO HONOR THE MEN AND  
WOMEN WHO COMPOSE THE LABOR  
FORCE OF AMERICA...

The United States is a land of unlimited opportunities for people from every ethnic background. It is these hard-working individuals who have built this country into a great nation. We salute the working force of America, past and present; the people who have made equal employment opportunities for everyone a reality.

## Letters to the Editor

## Pet haven

Editor  
Sea Coast Echo

Dear Sir,  
It is felt the subject and implication of this letter is of sufficient import to warrant its being made available to all citizens of this county.

To this end we are forwarding a copy to your attention.

Mrs. Clifford Backlund  
President,  
Bay-Waveland  
Humane Society

Mrs. Clifford Backlund  
La Petite Maison  
Waveland, MS 39576

Dear Lolly:

This is to advise you that I met with Mr. Travica and Mr. Wagner Wednesday to discuss the needs of the county and the city of Bay St. Louis regarding their animal problem. I believe the meeting was fruitful in that they did want to do something about the existing problem. Mr. Wagner's concern was to determine the seriousness of the animal issue in Bay St. Louis and Hancock county before taking any action.

We talked about building a shelter and related expenses. They wanted to know if the Harrison County Humane Society would be willing to care for the county and city animals. I feel that the solution to the immediate problem would be to use our facilities and build a holding shelter until further study has been made to determine the needs and desires of the county and cities of Bay St. Louis and Waveland.

The possibility of one shelter for the entire county and the two cities was discussed, and it was decided that a single facility with expenses shared by best interests of everyone. Mr. Wagner said he would discuss this problem with Mayor Bennett and the possibility of using our facilities to meet the immediate needs of Hancock county.

They will be getting back to me with their answer, but they did seem willing to work to solve this problem. I think they realize they have a responsibility to their constituents.

I will keep in touch.

Sincerely,  
Sandra Koenen  
Executive Director  
Miss. Federation  
Humane Society

## Animal shelter

August 30, 1977

The Sea Coast Echo  
Bay St. Louis Newspapers, Inc.  
112 S. 2nd  
P.O. Box 330  
Bay St. Louis, MS 39520

Gentlemen:  
The American Humane Association and the American Red Cross have agreed to cooperate in times of disaster. As an affiliate of the

American Humane, we have met with representatives of local governments, Red Cross, civil defense, Keesler, the CBC base and fire departments to determine how we may best serve the community. If we can save human life by sheltering an animal, then our goal will have been reached. As you probably know, several people lost their lives in Camille because they had no refuge for their pets, and they refused to leave them during the storm.

Although providing shelter during the storm is very important, it has been determined by disaster relief agencies that the problems caused by stray or free roaming dogs after the storm are very real and dangerous. We will be working with responsible agencies to help collect and house stray animals, thereby reducing the threat to humans.

Your assistance in getting this information to the public will be most appreciated.

Sincerely,  
Sandra Koenen  
Executive Director

The Peoples Business  
Organized labor moves  
to regain old footholds

## A POWER GRAB

Organized labor — facing diminishing influence and membership across the country — is moving to regain its old foothold and to capture new territory in the South.

The means of regaining the old influence is the drastic alteration of the nation's labor laws — changes which could give organized labor a strengthened position in the "Right to Work" states.

Perhaps the clause giving unions more discretion in setting local plant elections would affect Mississippi the most. By gathering a certain number of employee signatures on authorization cards, the unions could set an election for any time between 15 and 75 days. AFL-CIO representatives have even suggested that a majority of signatures should constitute approval of the union — thus bypassing the election process.

Such action would give labor the opportunity to choose the best time for the election giving it the chance to even "steamroller" the election before all

issues are clearly understood.

The proposed law would also give organized labor backers the opportunity to pack the National Labor Relations Board. But, the measure would go one step further; it would allow two members of a new seven-man board to decide a dispute between labor and management. It is easy to see that two is not a majority of seven.

It appears to be a desperate move to recapture the glory that once belonged to organized labor. But, the facts remain. Fewer than one out of four workers now belongs to a labor union, and that percentage has steadily declined over the last 20 years. For the past two years, organized labor has lost more plant elections than it has won. And, employee-initiated elections to throw out unions have dramatically increased in the last 10 years.

Backers claim this measure would enhance the workers' rights. It seems that it is more an attempt to strengthen the weakening position of organized labor.

Governor Cliff Finch

REPORT  
TO THE  
PEOPLE

BY CLIFF FINCH  
JACKSON - In conjunction with the Mississippi Highway Department and the Research and Development Center, I have scheduled a series of six hearings throughout the state to get the input of the people of Mississippi into our highway program and planning.

These hearings will be held as follows: (1) Friday, September 16 — Hinds County at the Woolfolk State Office Building (first floor auditorium) in Jackson from 9:30 a.m. to 12:00 noon. (2) Friday, September 16 — Lauderdale County at the Courthouse (Circuit Courtroom) in Meridian from 2:30 p.m. to 5:00 p.m. (3) Monday, September 19 — Panola County at the County Courthouse (Courtroom) in Batesville from 9:30 a.m. to 12:00 noon. (4) Monday, September 19 — Lee County at the Lee County Library in Tupelo from 2:30 p.m. to 5:00 p.m. (5) Tuesday, September 20 — Pike County at the County Courthouse (Courtroom) in McComb

from 9:30 a.m. to 12:00 noon. (6) Tuesday, September 20 — Forrest County at the Old Federal Courthouse in Hattiesburg from 2:30 p.m. to 5:00 p.m.

Maps, drawings, and other pertinent information concerning the highway system in Mississippi will be presented at each hearing.

You — the people of Mississippi — will be given the opportunity to make an oral statement at each hearing. If it is not possible for you to voice your opinion during the time of the hearing, you may submit a written statement to the Governor's Office, P.O. Box 139, Jackson, Mississippi 39205, up to ten days after the close of the hearing.

This is your chance to express your ideas relative to the highway system in our state. Your ideas are important and — if you are interested in improving our highway program — I urge you to attend the hearing in your area. Hope to see you there.

Sail'n  
along

by Ellis Cuevas

There was a big sigh of relief from everyone in our area when Anita went inland in Mexico. We, being like many of you who weathered Camille, will never be ready for another Hurricane.

Congratulations are in order for Coach Billy Rhodes and the Bay High Tigers on their victory Friday night. We know Rhodes must be happy, since it is his first victory as head mentor for the Tigers. We hope the Tiger machine will be in high gear all season.

Praise also goes to the Juniors who also won their outing.

Hancock County should be proud of the efforts of our Civil Defense, Red Cross and other agencies, in their good preparations in the case of a visit from Anita. High water causing the closing of several streets in real low areas, is the only damage we have heard of from Anita in the county.

Next Friday, there will be man-made "Hurricane Virginia" brought into our area by the Mobile Weather bureau.

This hurricane has been planned for sometime. Its primary purpose is the training of Civil Defense, elected officials and volunteers in case we have a real Hurricane. This mock Hurricane is just like a football scrimmage. During the practice they will be able to see just how prepared they are and where they have to shore up the line. We should all be proud of the Civil Defense, and other organizations in their efforts to be prepared to the greatest degree in case of a disaster.

## MEMORIES:

We can remember the umbrella of trees that covered Nicholson Avenue from Jeff Davis to the Beach. The walking to the Beach at night and the hum of locust and crickets. For those of you who didn't witness this, it would be hard to describe the feeling on those moonlight nights. Nature has taken its toll on the trees in disease, the '47, Betsy and Camille Hurricanes. We will never forget the picturesque trees.

'Till next time.

## Health Tip

We are hearing much these days about high blood pressure, known medically as hypertension.

For several years concerted national programs to discover and treat this most common of human ills have been under way, and the American Medical Association and others have kept up the educational push.

What is blood pressure? A pamphlet from the AMA explains that your heart and blood vessels make up your body's blood distribution (circulatory) system, upon which all life processes depend. Under pressure, your blood carries food and oxygen to and removes waste products from every cell in your body.

Blood pressure is maintained by your heart in your arteries, and blood is pumped through your lungs where it picks up a fresh supply of oxygen and eliminates carbon dioxide. It then flows to the left side of your heart and is ready for another trip through your body.

What causes high blood pressure? In most cases the answer is not known.

high blood pressure no underlying disorder can be found. These people are said to have "essential hypertension." In the other 10 percent, some of the cagies are (swews of the kidneys, conditions affecting the adrenal glands atop each kidney, narrowing of the body's largest artery (aorta), defects in other arteries, and disorders of the nervous system.

Whatever its cause, untreated hypertension can do irreparable damage to vital body organs and result in early death. The heart is the organ most commonly damaged. The higher the pressure, the harder the heart must work. Hypertension also contributes to fatty deposits in the arterial walls (atherosclerosis). Thus the blood supply to the heart will diminish. This change may result in chest pain on exercise (angina) or even in serious injury to part of the heart muscle (myocardial infarction, or heart attack).

How can you tell if you have high blood pressure?

Unless you see your doctor, the chances are you can't. Hypertension usually is detected during a routine physical examination.

## CAP...

payment can only be made once for a family or individual.

Eligible applicants must present unpaid bills as proof, and must complete an application. The completed application, when certified as eligible, is then sent to the State office in Jackson and payment is made directly to the utility company or gas supplier.

Persons having unpaid, past-due bills who believe they are eligible for direct assistance should go in person to the county office of the Department of

(Continued from Page 1)

Welfare and complete the application.

No assistance can be given unless the application is completed.

The agency is also initiating a program of weatherization to assist low-income families and individuals to reduce fuel consumption for heating purposes during the winter. The same income guidelines apply to the weatherization program, and the limit which may be spent is \$250 per residence.

Weatherization work may include repairs to roofs, floors, and walls, to close holes and stop or reduce heat loss.

Window panes can be replaced, weatherstripping applied, and doors can be repaired or replaced; if enough money is left from these repairs, the attic can be insulated.

Priority is given to elderly families on a low or fixed income.

Applications for weatherization are being taken at the Civic Center in Waveland.

## ETV...

(Continued from Page 1)

Director, special education section, Division of Instruction, State Department of Education, will give a concise explanation of the education for All Handicapped Children law and discuss what is being done in Mississippi now to educate the state's handicapped children.

The mother of a handicapped child who is achieving success in a

Mississippi public school will be interviewed. In addition, names and telephone numbers of agencies that can give information to parents seeking help for their children will be listed.

"Including Me" points out there are some eight million handicapped children in the United States. Of these, more than half are receiving an education inappropriate to their needs,

and one million are not in school at all.

An estimated 90,000 of these handicapped children live in Mississippi.

Through its Child Find efforts, the Mississippi Department of Education, in cooperation with other agencies throughout the state, is seeking to identify these children so it may draw up individualized education plans for each of them.

## Hurricane... Babe...

(Continued from Page 1)

hurricane, Anita, was born as a wave in the "Easterlies" but did not develop winds in excess of 39 m.p.h. when she was named Anita—until reaching a location some 200 miles directly south of New Orleans.

Meteorologists' reports have indicated a lack of explanation concerning the two-year trend of Atlantic weather systems' late development and direction of movement.

Normally, these weather systems tended to reach hurricane status while still in the Atlantic. In 1976 they confined their movements to a more northeasterly direction off the United States' Atlantic Seaboard.

In the meantime, Anita, after approaching the Mississippi-Louisiana coast, turned in a south-westerly direction, moving inland over the north-eastern coast of Mexico.

Anita had developed winds in excess of 155 m.p.h. and a diameter of some 250 miles before making landfall, NWS reported.

Local officials are continuing to update hurricane preparedness

procedures in light of the apparent reversion to more "normal" hurricane tracks.

Robert Boudin, director, Hancock County Civil Defense said Friday the Bay St. Louis City Hall is being wired to operate on power from emergency generators.

Like preparations are also being afforded the city's water supply, Boudin said. He noted the water supply is particularly crucial as such must be maintained to fight fires during an emergency.

Boudin said he is requesting a listing from the governmental agencies in the area of all possible emergency equipment, such as electrical generators, which might be needed in response to disaster.

Such emergency preparations are designed to protect the area in the event of problems from tornadoes, power line outages, and other causes, he said.

In addition, at week's end, the Hancock County Red Cross issued a call for volunteers to staff evacuation

shelters.

Skilled personnel, such as retired nurses, are particularly needed, he said.

Persons interested in serving as shelter volunteers should contact the local civil defense office at 467-9226.

The school buildings to be used as emergency shelters in Hancock County are:

—Annunciation School, Kiln.  
—Hancock North Central, Highway 603 North.

—Bay Junior High School, Bay St. Louis.

—Waveland Elementary School.  
—St. Augustine's Seminary, Bay St. Louis.

Boudin said civil defense's Emergency Operating Center, the Red Cross emergency shelters, and the Mississippi National Guard maintained stand-by alerts during the threat of Hurricane Anita.

"These agencies were not required to press their personnel, equipment and facilities into service," Boudin pointed out.

## Vets school loans made easier by VA

Area Veterans seeking loans to meet higher education expenses this fall will get a new deal from the Veterans Administration if they act quickly, VA Administration Max Cleland said today.

Cleland moved to streamline VA's student loan procedures by ordering the preprocessing of loan applications from veterans.

But, he said, "the key to making sure the student receives his loan promptly is the veteran himself."

VA will make loans of up to \$1,500 each academic year to qualified veterans students.

The agency hopes to eliminate the usual 30-day waiting period by processing a veteran's loan application as soon as it is received and prior to notification from the school that the student has, in fact, enrolled for classes.

"Under the new procedure," Cleland said, "we will be ready to issue the loan papers almost as soon as the school tells us the student is in class."

Cleland urged veterans who plan to apply for a loan to contact the nearest VA office or their campus financial aid officer with any questions about the VA student loan program.

The United Way Emergency Relief fund is directed by our local clergy.

IMPROMPTU CONCERT - St. Stanislaus band members James McIntyre, of Long Beach, (left) and Ernie Zimmerman, Waveland, on trumpets, and Richard Pinera of New Orleans, drums, stage an impromptu concert heralding fund raising drive to help finance the group's annual trip to the Mississippi State Band Festival. Band members this week are calling on area homes offering a line of hair care products, a list of which is on music stand framed by instruments.

Secretary  
Hancock County School Board  
9-4, 9-11, 9-18-77

## NOTICE TO BIDDERS

Sealed bids for two (2) 110 volt, 10,000 B.T.U. window unit air conditioners for the Hancock County School District, will be opened at 6:00 P.M. September 20, 1977 in the Office of the Superintendent of Education, 126 Court Street. Bidders are requested to submit sealed bids to the Superintendent's Office on these air conditioners. Please type on the front of the envelope "BID ENCLOSED FOR AIR CONDITIONERS". The Hancock County Board of Education reserves the right to reject any and all bids and to waive all informalities.

Terry Randolph  
Secretary  
Hancock County School Board  
9-4, 9-11, 9-18-77

## INVITATION TO BID

Sealed proposals for an "Addition to the Gymnasium at Gulfview School", located at Lakeshore, Mississippi, will be received by the Hancock County School Board. Said proposals will be received in the Office of the Superintendent, Bay St. Louis, Mississippi until 6:00 P.M., September 20, 1977. Any bid received after the closing time will be returned unopened.

Duly qualified General Contractors may secure from the Office of John Mykolyk & Associates, Architects & Associated Engineers, 115 East Beach, Pass Christian, Mississippi complete sets of Contract Documents upon deposit of \$20.00 (twenty dollars) for each set obtained at the School Superintendent's Office, 126 Court Street, Bay St. Louis, Mississippi. The full deposit will be refunded on the first set of documents to General Contractors who submit a bonafide bid. All other sets will be made only for complete documents in good condition, returned within 10 (ten) days after bid opening. No bid may be withdrawn for at least 30 (thirty) days after the actual closing time for receipts of bids. Each proposal must be accompanied by a certified check or bid bond, certified or issued by a Bank or Bonding Company in the State of Mississippi in an amount equal to at least 5 percent (five percent) of the amount of the bid, and made payable without condition to the Board, as a guarantee that the bidder, if awarded the contract, will promptly execute the Contract Documents. A 100 percent (one hundred percent) performance bond shall be required.

Contractors proposing to perform work amounting to \$25,000.00 or more must hold current valid Contractor's Certificate of Responsibility and Contractor's License. The Board of Trustees reserves the right to reject any and all bids and to waive any informalities incident thereto. Bid documents are on file in the Superintendent's Office for public review. Bold face denotes revised bid date.

# Bay topples Notre Dame, senior high snaps streak

by RANDY LANKFORD

BILOXI-Head coach Billy Rhodes and his Bay High Tigers collected a sweet victory here Friday against the Rebels of Notre Dame. The 7-6 win was sweetened by the fact that it ended a year long losing streak at the school and gave Rhodes his first win as the Bay High boss.

Tailback James Coe was the backbone of the Tiger offense against the Rebels as he carried the ball 12 times for 96 yards to pace the Bay backs.

"James has had some trouble with his back and we had to rest him pretty often. He did a good job for us through," added the second year coach.

Notre Dame struck the first blood of the game after a scoreless first quarter. The Rebels took the ball on their 37 yard line and marched to the Bay High 43 before quarterback Greg Sillman hit tight end John Collins with a pass over the middle good for the first touchdown of the game.

The extra point attempt was missed by Randy Sentell and proved to be the difference in the game.

Bay High's score came early in the second half when a suddenly awesome offense drove from the Bay High 44 to the Notre Dame six before Larry Jackson went in for the Bay touchdown.

Bay Sr. High

**TIGERS**

The Tiger touchdown came with 9:54 left in the third quarter and was set up by two runs by Coe. On the first play from scrimmage, Coe took the ball from the Bay High 44 all the way to the Rebel 13. On the next play Coe again got the call and moved to the Notre Dame six before being wrestled down. Facing second and three Bay High quarterback Dwayne Lafontaine recovered his own fumble to keep the drive alive. On the very next play Jackson scored.

The difference was all in the toe of senior fullback Roy Shubert who sent the extra point through the heart of the uprights.

Not only did Coe's running add to the Bay High effort but the senior running back also blocked a last-ditch field goal attempt by the Rebels in the final minute and a half of the game. Sentell teed the ball up on the Bay High 16 with 1:22 on the clock in hopes of making it a 9-7 game when Coe broke through the line and got a hand on the ball to slap it away and preserve the win.

Although it took half a game for the Tigers to get their first points of the season they came close in the early going. On their second possession of the game the Tigers drove to the Notre Dame four yard line before being turned away by the Rebel defense. The drive started on the Notre Dame four when Sunny Palode recovered a Rebel fumble to put the Tigers in business. On the first play of the series, Jackson got his first touchdown of the night when he scampered in for a TD only to have it nullified by a holding penalty at the line of scrimmage.

The penalty moved the ball to the 23 where the Tigers again faced first and goal. It was again Lafontaine who recovered his own fumble to bring about third and goal at the 23. Coe again got the call from his tailback position in the Bay High I formation and carried to the eight for the Tigers. Jackson then moved it to the four on third down and was stopped for no gain on fourth and goal to put the Rebels back in control of the ball.

The game was marred by penalties as both teams had trouble with timing in the early season contest. Rhodes said after the game that timing would be one of the things the Tigers would work on in preparation for their Sept. 9 meeting with East Central.

"We have had some trouble with our timing in training. The weather has made us work indoors a lot and we haven't had much of a chance to work on it. If the weather will hold out for us we should be able to work in our groups more and get some of the bugs ironed out of it," beamed the coach.

Jackson's jaunt in the first quarter wasn't the only score the Tigers lost to the referee's flag.

A 56 yard pass from Lafontaine to tight end Scott Thomas in the second half was also nullified by another holding charge against the Tigers. Of the two penalties Rhodes said that it was a tough break and made the game too close for comfort.

After playing a listless first half, the Tigers came roaring back after intermission. After the scoring drive on their opening possession, the Bay High defense also showed more determination.

After allowing 78 yards to the Notre Dame running game in the first half, the Tigers gave up a scant 31 yards to the Rebel wishbone in the second half. The defense stopped the Biloxi

team both inside and outside and gave up their only double figure run late in the game when Larry Cross picked up 15 yards.

The Tigers also stopped the Notre Dame passing game in the second half and put on an impressive pass rush that recorded two quarterback sacks in the final 24 minutes of the contest.

When asked what he had told his team at halftime to make them so much more aggressive, Rhodes answered that he had simply told them a "little prayer".

The Tigers prayers seem to have been answered as the 10 game losing streak that has haunted the team came to a sudden end on a hot, rainy night in Biloxi.

HAPPY TIGERS- The Bay High Tigers had reason to be happy Friday night as they earned their first win of the year. The Tigers took the win by a single point in the hard fought contest. The win marked the first Tiger game in the

Pascagoula River Conference and the first one under coach Billy Rhodes. The Tigers will have their home opener Friday against the East Central team as they try to run their record to 2-0.

## Bay Juniors blank Rebels

The first week of the football season was a good one for Bay teams with the senior high taking a 7-6 win over Notre Dame and the junior high winning 46-0 over the Notre Dame juniors.

Alex Harrington broke for a 64 yard touchdown on the Tigers first possession of the game. Quarterback Tyrone Davis carried around the left end for the two point conversion to put the Tigers on top 8-0 early in the game.

On the next Tiger possession Lewis went around the left side again on a keeper and rambled 54 yards for the second Bay touchdown of the night.

Lewis threw to Martin Bolland for the two pointer to

put the Bay team up 16-0.

David Sillum ran the ball back on a Notre Dame punt for the third Tiger touchdown of the night. This one was called back by the referee though. Not willing to come up empty handed, Lewis threw to Harrington for a 65 yard TD. Mike Pendergraft went up the middle for the two points to increase the Tiger lead to 24-0.

Harrington carried three times for the Tigers on their next possession to put the ball into the end zone. Again Pendergraft picked up the conversion to put the Tigers up 32-0 at halftime.

Ricky Johnson opened the second half for the Bay team with a 55 yard sweep to add another touchdown to the Tiger total. The conversion missed for the first time and the Bay team was up 38-0.

David Strong added the final touchdown of the night for the Tigers with a 20 yard run around the right side. Strong also did the honors on the conversion to end the scoring for the night and give the Tigers their final 46-0 win.

Head coach James (Snuffy) Smith praised his defensive unit for the shutout and added that tackle Jeffery Smith played an outstanding game for the Tigers.

The offensive backs alternated throughout the game but Smith said Ken Morgan did a good job from his fullback spot. Captains for the game were Alex Harrington and Mark D. Smith.

The Bay team will play again Thursday night against East Central. The same school the senior high will host Friday.

## Overtime

Tigers earned their stripes

by RANDY LANKFORD

Ah! Sweet victory at last. After a year long dry spell it's so sweet to feel the gentle rain of applause after a win.

Coach Billy Rhodes and his Bay High Tigers earned their applause Friday night as they overcame early mistakes and stayed cool under pressure to take their first win in 11 games as the Tigers edged the Notre Dame Rebels 7-6.

As the final seconds ticked off the clock, Bay High fans and players alike broke into long awaited cheers. The win had been a long time coming and was well received.

It was sweetened even more by the Rebels determination to win. The victory was not easily earned by the Tigers and it is one they can be proud of. The Rebels had a chance to steal it from the Tigers late in the game when a field goal would have won it.

The Rebels teed it up only to have the Bay High defense dig in to block the kick and insure the win. This was only one of several outstanding defensive plays by the inspired Tigers that scored two quarterback sacks and all but stopped the Rebel wishbone offense.

Rhodes had reason to be proud of his team as he stood outside the locker room after the game shaking hands and accepting congratulations from appreciative Bay High fans.

The win was the Tigers' first in the Pascagoula River Conference. Another bit of sweetening since the Tigers just joined the conference this year.

Although it was a close win, it proved what the Tigers are made of. Bay High has earned its Tiger stripes.

## Sports Quiz

1. Which former NFL quarterback holds the record for the most passes attempted in a single game?
2. Which NFL quarterback led the league for the most years in completions?
3. Which former NFL quarterback has the record for the most consecutive games with touchdown passes?
4. Which former NFL quarterback holds the record for the fewest interceptions in a single season?
5. Which former NFL quarterback holds the record for the most yardage gained passing in a single game?

### ANSWERS

1. George Blanda put the ball up a record 68 times on Nov. 1, 1964 against the Buffalo Bills and completed a record 37 of his attempts.
2. Sammy Baugh topped the league for six years during his career. Baugh captured the title in 1937, 40, 43, 45, 47, and 49.
3. Between 1956 and 1960 Johnny Unitas competed in 47 straight games with at least one touchdown pass in each contest.
4. In 1966, Bill Nelson, playing for Pittsburgh hurled 112 passes and had only one interception.
5. Against New York in 1961 Norm Van Brocklin hit on 27 of 41 attempts to roll up 554 yards.

BAY HIGH'S DEFENSE gets ready to dig in again. The Tiger defense is the key to the victory over Notre Dame.

THE DIFFERENCE in the game was in the toe of Roy Shubert. Shubert's extra point after the Bay High touchdown was the difference between a win and a possible loss for the Tigers in their season opener Friday night. Shubert's kick put the Tigers on top of the Notre Dame Rebels 7-6.

(staff photo- Randy Lankford)

situation in the background the Tiger defense unites in the huddle in preparation of another effort at preserving the slim lead.

## Senior Citizens happenings

BY FRED HORN

Our personal thanks to Ellis Cuevas and Jake Jacob and all the personnel at the Sea Coast Echo for the co-operation extended to The Senior Citizens' Center in regards to the publicity extended to the Seniors.

A special thank you to Jake Jacob who has been very helpful to me, taking the pictures of all the classes and activities at the center, also for setting up the two page special feature on the two articles written by Yours Truly. The pleasure is all mine, Jake.

### RECREATION

Tuesday, August the 23rd at 2:00 P.M. the Seniors entertained 30 Veterans and three attendants from the Veterans Administration Center in Gulfport. All the day care seniors and members of the staff joined in with the Veterans, a good old fashion Community Sing-A-Long, led by Fred Horn from our Recreation Department. Refreshments consisting of home made cakes and punch were served. Louis Burghard came to our rescue again. Louis played the piano and all of us at the Center thank Louis for always coming to our rescue. His piano solos are even entertaining and toe tapping.

Orchids to our RSVP members who baked the cakes for the Veterans' party. Mrs. Annie Sulzer, Jewell Stratton, Ruth Meilleur, Rose Kennedy, Edna Farve, Honorine Hughes and Esther Cuevas. Also thanks to all the ladies who helped serve the refreshments. Mrs. Rose Kennedy, Edna Farve, Honorine Hughes and Esther Cuevas.

### HORTICULTURE CLASS

The class will start their fall session on Tuesday, Sept. 6th from 9:30 A.M. to 10:30 A.M. and every Tuesday thereafter.

### QUILTING CLASS

Class will start their fall session on Thursday, Sept. 8th from 1:30 to 4:00 P.M. and every Thursday thereafter.

### CERAMICS CLASS

Anna Mae, we were sorry to hear that you had an unfortunate incident happen to you on your birthday. Anna Mae Roppolo, our ceramics instructor, fell and broke her pelvis in three places on Thursday. She is convalescing at the Baptist Hospital in New Orleans.

There is a change in the starting date for the fall classes. The class will start the fall session on Wednesday, September the 8th, from 9:30 until 11:30 A.M. instead of Wednesday, Sept. the 14th. Rose Everard, who is well versed in ceramics, will instruct the class during Anna Mae Roppolo's absence.

### NUTRITION

There will be a Smorgasbord Dinner at the Center on Wednesday, Sept. 7th at 12:00 Noon. Seniors who plan to attend call Pam Jones, 467-9292.

### EDUCATION

The National Council on the Aging, Inc., with the National Endowment for the Humanities is sponsoring.

"Self Discovery through the Humanities," Entitled, "Images of Aging in Literature," this is an eight week course of selected readings that are both entertaining and thought provoking. Class will be held weekly at this site beginning in mid-September, open to all Senior Citizens, and is free of charge. To register or obtain further information call 863-2311, Ext. 35, or toll free 800-222-9504.

### ILLNESS

Rev. Maples is seriously ill, he has been hospitalized at Hancock General for the past two months.

One of our seniors from Hancock County, Mrs. Genevieve Daniels, had to go to California for an operation so that her sister who lives out there, would be near her and assist her during her recuperation.

Mrs. Sedonia Fayard and Mrs. Harriet Jordan are convalescing at home. Our best wishes for a speedy recovery to all.

Our sympathy from all of us at the Senior Citizens Center in Bay St. Louis is extended to Mrs. Ruth Favre whose husband died at the Veterans Hospital in Biloxi on Monday, August the 29th.

### KILN

There has been a change made for the Senior Citizens activities in September. The Birthday Party and game session will be held on Thursday, Sept. the 8th at 12:00 Noon. The other game session and refreshments will take place on Thursday, Sept. 22nd.

### PEARLINGTON

The Senior Citizens Club invites everyone to attend the game session and refreshments, to be held on Tuesday, Sept. 6th at 1:00 P.M.

SATURDAY, SEPT. 10  
The Big Band Dance Club presents Art Cissell and The Stardusters featuring Rita Meadows in the Big Band style. West Side community Center, Gulfport, 9 p.m. to 1 a.m. \$3.00 per person. Public invited.

Breleen Noblin Exhibit, Punch painting, Gulf Coast Community Hospital. Hanging through September.

Millie Holmquist Exhibit, Coast Federal Savings & Loan, Ocean Springs. Hanging through September.

95 POUND RAY. George Stahler wrestled the 95-pounder single handed for 3 1/2 hours Tuesday before finally bringing it in. The ray reportedly dragged his 20-foot boat "all over Bayou Caddy." Stahler, of Metairie, finally dragged the ray ashore at Bordages after the struggle where this picture was taken.

### SBA AUCTION SALE

### HEALTH SPA EQUIPMENT

Health and exercise equipment (Bay Health SPA) including benches, boards, presses, weights, pulleys, bikes, belt vibrators, whirlpool, sauna, etc.

## HGH, Gulfport visiting hours

by EDGAR PEREZ

Officials at two area hospitals have announced current visiting-hour policies at their respective institutions. Maxine DeRocha, director of nursing at Hancock General Hospital, 725 Dunbar Ave., Bay St. Louis, said patients there may receive visitors between the hours of 2:30 and 4:30 p.m. and between 6:30 and 8:30 p.m.

New visiting hours at Gulfport Memorial Hospital have been set by the board of trustees, according to Ada Reid, director of public relations for the hospital.

Effective immediately, Gulfport General will be open to visitors from 6 a.m. to 9 p.m. daily, with some restrictions to be imposed in

specialized areas.

Visiting in the maternity ward is limited to the hours of 3 p.m. to 4:30 p.m. and 7:30 p.m. and 8:30 p.m. daily. Psychiatric unit visitors must check in at the nurses' station. Hours are 3 p.m. to 5 p.m. and 7 p.m. to 8:30 p.m. on weekdays; 10 a.m. to 11:30 a.m. on Saturdays and Sundays.

Only two family members are allowed to visit an intensive care patient at one time. Visits are restricted to ten minutes on the even numbered hours between 8 a.m. and 10 p.m.

Intensive care visits after 10 p.m. may be allowed at the discretion of the head nurse.

## Pass Pirates clobber Vancleave 28-12

by RANDY LANKFORD

VANCLEAVE- The Pass Christian Pirates, behind the running of sophomore tailback Gene Lang rolled up 21 points in the second half to down Vancleave 28-12 here Friday night. Lang scored three touchdowns for the Pass team and paced the Pirate backfield with 82 yards in only seven carries for an 11.7 yards per carry average.

Lang led Pass to the first score of the night with a six yard scramble in the first quarter. Kevin Gallagher's PAT put the Pirates on top 7-0. That would be the final point of the first half for the Pass team.

The Vancleave team roared back in the second frame to come within a point when quarterback Bubba Etherton found Larry Jackson with a 35 yard scoring strike. A missed two point conversion attempt kept the Vancleave team at a

one point disadvantage.

Early in the second half Vancleave grabbed the lead for the first time of the night. Etherton again put the ball up to Jackson who turned the strike into a 60 yard TD. Again the Bulldogs tried for two points and again failed.

The Pirates weren't down for long though as Lang broke his longest touchdown run of the night as he jaunted 52 yards to put the Pass team back in control of the game. Again Gallagher made good on the kick to give the Pirates a shakey 14-12 lead.

Lang added a little insurance to the Pass margin with his third touchdown of the night in the fourth frame. This time the sophomore speedster galloped 15 yards for the score. Gallagher's kick put the Pirates on top 21-12.

The final score of the night came late in the game when Macky Dedaux went one

yard for the Pass team and Pat Barnes booted a one point to make the final tally 28-12.

Pass coach Bob Rogers was well pleased with the performance of his team but stressed that the defense needed some work.

"Gene is a very promising young back and he did a fine job for us. But, a lot of the credit has to go to the offensive line. They opened the holes for him to run through. Anybody can run with the ball once the holes are opened for him and that's what our line did. They did an outstanding job."

"Defensively I don't think we did as well as we should have. Our pass rush could have been

better. But that's just like a coach. It was pretty good but it could have still been better."

"Where we need work is with our defensive backs. Both of their touchdowns came on long bombs. That is what we will have to stop. We have an open week next week and we

will spend a lot of that time working on our pass defense," said Rogers.

After a week off the Pirates will take on D'Iberville in the second straight road game for the Pass team. The first home game of the year will be on Sept. 23 against Bay St. Louis.

### Get To Know Him...

Many people, unfortunately, give little or no thought to the selection of a funeral director until his services are needed. Then this important decision must be made suddenly, without sufficient time for investigation or comparison. For this reason, we earnestly recommend that some thought be given to this matter in advance. It is not morbid to do this—merely good, common sense.

One safe guide to follow is the same method used to judge the capabilities of any business or professional man. Another is the recommendation of friends. Then there are such explicit points as his standing in the community; the type of funeral home he maintains; his ability to render intelligent and understanding service.

The person you will some day rely on for a very personal and intimate service will welcome the opportunity to discuss funeral service and funeral costs with you. Your investigation of all that he has to offer will cause no embarrassment either to you or to him, and you will be under no obligation whatsoever.

**Riemann-Fahey**
